## ~Mounted~ Obstacle Pattern

*To be shown in properly fitting safe tack of any discipline We highly encourage helmets for all adults and require them for youth riders. Abuse, hitting, aggressiveness, or poor horsemanship will not be tolerated.*

### **VIDEOGRAPHER INFORMATION**

*In this class we are giving freedom for this. Please try to keep your camera steady and your rider about ½ to ¾ of the screen. One solid video from start to end trying to make all tasks close to each other. Announce the rider, horse, and class at start.*

**Goal:** To show basic riding skills and organization as well as horses manners, patience, and bravery. Horse is to be calm, quiet, confident and not stressed, rushed, or pressured. Rider is to take their time while also showing themselves and their horse to their best ability. Safety is paramount with teams looking like they confidently work together as a team with bravery, safety, and patience.

***Start unbridled (may be haltered), saddled, but unmounted.***

- 1. Bridle your horse.***
- 2. Mount your horse. (mounting block is acceptable)***
- 3. Walk over to and put on an item of outwear clothing while mounted. (jacket, vest, flannel, cooling vest, safety vest, etc)***
- 4. Put up a small bucket from any surface. Walk about 12-20ft with it and put it down. Extra points if it's brimming with forage.***
- 5. Pick up a flag or homemade equivalent and wave it over your head then gently toss the flag aside clear of your horse.***
- 7. Dismount. (if you need a mounting block please show safety)***
- 8. Pick up each of your horses two front feet one at a time.***

***Reward your horse. Acknowledge the camera.***
